Celebrate Northfield's Place in History

Northfield holds its place in history as one of the first communities in the United States to start a Boy Scout program. Elvin Heiberg, a longtime dentist in town, has been a great scouting contributor. In 1997, Mr. Heiberg donated a large amount of historical scouting items to the North Star Scouting Memorabilia in St. Paul. Among the many items are BSA handbooks from 1911, 1912 and 1930. Mr. Heiberg's contributions have been critical in growing the future of scouting.
